7TH January 2018

West Ranga Property Group have today announced ambitious details of their redevelopment project at Arrol Road, Dundee.

Known as **G3**, the 87,433 sq ft building will be significantly refurbished to include; fully overclad roof and walls, resurfaced yard with 2.4 metre palisade fencing, electrically operated sectional overhead vehicle doors (5m x 5m), high quality resuecoat finish to floors and refurbished office block with WC facilities.

On site of 4.3 acres, the property will comprise the highest quality clear span industrial accommodation available to lease on the market.

Local contractor George Martin Builders will be acting as main contractor and the project will be managed by Innes Associates Building Consultancy.

Practical completion estimated Q2 2018.
